

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

SJR 104

March 19, 2015

SUMMARY OF BILL: Urges the Bureau of TennCare to incorporate medication therapy management into all of its healthcare delivery systems in order to improve patient outcomes and control costs.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Based on information provided by the Bureau of TennCare, the underlying purpose of Medication Therapy Management is improved quality and cost effectiveness. This idea is something the TennCare pharmacy team has been evaluating as a potential cost savings and something that may be implemented with or without the resolution.
- The Bureau noted that if medication management therapy was mandated, it could be implemented in a manner that was at worst revenue neutral.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
